EXPLORE THE WORKS

Do science on our first floor
You’ll find an entire floor devoted to building, creating, and doing.
• Build a racecar and test it in our Go Lab
• Test your skills with our driving simulator
• Take apart a computer and build something new in our Invent Lab
• Explore creative play in our Tyke Lab and Discovery Lab designed just for our youngest guests

Connect with local history on our second floor
• Try out our flight simulator
• Climb aboard a vintage Cessna like Jerrie Mock’s “Spirit of Columbus” (Newark native, and the first woman to fly solo around the world)

Be inspired by art in our gallery
• Featuring national and regional artists
• Our gallery exhibit changes four times a year

Experience glassblowing in our hot shop
• Watch a live glassblowing demonstration daily
• Make your own hot glass (pre-registration required!)

Get immersed in space and science in our SciDome Planetarium
• Show schedule available by visiting www.attheworks.org/SciDome

CURRENT SAFETY GUIDELINES
The Works follows CDC guidelines & best practices for museums. Masks are currently recommended, but not required. Please visit attheworks.org for full guidelines.
